

Safinah Group

360° Coating & Engineering Experts

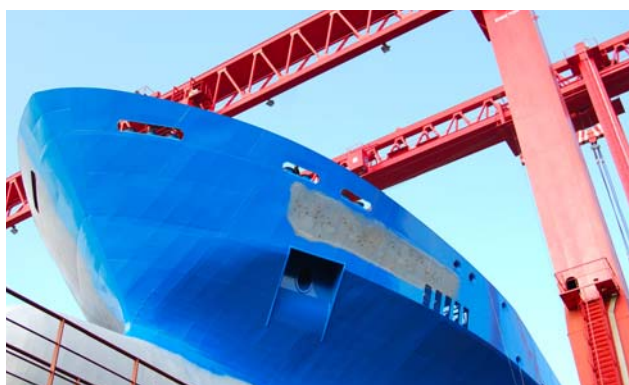

Marine Coatings Sector

Our marine coatings team are leading industry experts with extensive experience and an in-depth knowledge of the entire maritime coatings sector.

Marine Coatings Sector

Safinah Group has many years of experience working in the diverse marine coatings sector. Our dedicated team of expert consultants delivers independent advice and specifications that adhere to current legislation, dramatically cut operating and maintenance costs and extend asset lifetime.

Knowledge

The combination of our knowledge of the shipping and shipbuilding industries together with our coating expertise provides our customers with coating related solutions to reduce cost and minimise risks.

Collaboration

It is not just our experience which helps us deliver our services but the unique way we operate. By working closely with our customers we gain a greater understanding of their specific needs and are then able to tailor the service or solution to meet these requirements.

Our clients include:

- Insurance companies and loss adjusters
- Law firms
- P&I clubs
- Ship owners/managers/operators
- Charterers
- Shipyards
